UK Far-Right Social Media Tropes & Language — Research Sweep

Period: ~Dec 2025 – Jun 2026 **Platforms:** X/Twitter · Facebook · Telegram · YouTube · Reddit · Rumble · DTube **Sources:** 38 UK far-right / activist / auditing channels (excl. NI) **Created:** 20 Jun 2026 **Last updated:** 20 Jun 2026 (Instagram + Edinburgh connection added) **Status:** ☐ Complete

Methodology

Searches conducted via:

- **Nitter** (self-hosted @ 127.0.0.1:8080) — X/Twitter
- **Phice** (self-hosted @ 192.168.178.20:5001) — Facebook (partial — some queries rate-limited)
- **web_search** (SearXNG) — mainstream coverage, investigative reports, YouTube metadata
- **Browser** — Searchlight, HOPE not hate, Novara Media, Byline Times, Sheffield Tribune, BBC
- **Reddit** (OAuth-authenticated) — r/ukpolitics, r/unitedkingdom, r/uknews, r/AskUK
- **Terminal/curl** — Rumble, DTube, channel metadata
- **Flaresolverr** (Docker @ 192.168.178.20:8191) — Cloudflare bypass for blocked sites (HOPE not hate, etc.)
- **Instagram search** (`~/scripts/instagram-search.py` + `~/env.instagram`) — authenticated session search for accounts and posts
- **Script:** `~/scripts/flaresolverr-fetch.py` — reusable wrapper for fetching Cloudflare-protected URLs via the Winbox Flaresolverr container

Issues encountered: Nitter returns empty results for some specific channel queries (rate-limiting). Cloudflare blocks on Byline Times, The Canary (some articles 404'd). YouTube cookie consent wall blocks direct channel pages. Phice server not always reachable. Telegram hard to scrape without account access. Flaresolverr successfully bypassed HOPE not hate (224KB of case file content retrieved) and Searchlight Magazine.

1. COMMON TROPEs

1.1 ? "Hidden Truth" / Whistleblower Framing

Present in: Every single channel (universal) **Pattern:** Each presents itself as revealing what "mainstream media" and "government" suppress.

- "You won't see this on the BBC" — constant reframe
- "I'm the only one telling you this" — lone truth-teller positioning
- "Just asking questions" — rhetorical shield
- "Raw and unfiltered" / "real journalism" claim — grainy footage as authenticity marker

1.2 ? Two-Tier Policing / Two-Tier Justice

Present in: Universal. The single most politically impactful trope. **Pattern:** Police/courts treat right-wing activists worse than migrants/left-wing protesters.

- **Wesley Winter's "fascists" video** — misheard police "flashes" as "fascists", ~1M X views
- **Reform MP Lee Anderson cited this in Parliament** — "police more like the fascists of years gone by"
- Crossed from auditor content into mainstream political discourse
- "Very few arrests of migrants despite harassment" / "They'll arrest patriots but not migrants"

1.3 ? Migrant Invasion / Asylum Hotel "Monsterring"

Present in: All hotel-focused auditors (majority of channels) **Pattern:** All asylum seekers = "illegal immigrants". Hotels = evidence of state conspiracy.

- "Illegal immigrants" — applied to every asylum seeker regardless of legal status
- "Filthy fucking invaders" — Yorkshire Rose (X, 2026)
- "Taxpayer-funded" — core motif
- "We've no idea who these people are / Could be ISIS" — Nigel Farage template, 2020
- "Single men with smartphones" = economic migrants
- "Burn the fuckers out" — recorded at protest (Searchlight, Mar 2026)
- "Migrant hotel" vs rare use of "asylum hotel" — deliberate language choice

1.4 ? Britain is Finished / Apocalyptic Framing

Present in: Wesley Winter, DJE Media, Charlie Veitch **Pattern:** Urban decay as civilisational collapse. Filmed boarded shops, addicts, homeless = "this is England now".

- Video titles: "England Burning", "Southampton Chaos", "The Weekend That Changed England" (3.1M views)
- "3rd world sinister demons" / "crackies" / "feral females" — DJE Media
- Channel 4 director Dan Reed called it "a morality tale" showing how "acceptable white working-class discontent" leads to "something quite scary"

1.5 ? Grooming Gangs / "Protect the Children"

Present in: Yorkshire Rose, AJ Audits, Lee Scheres, Unmasked Antifa, **all Facebook vigilante groups** **Pattern:** Migrants = sexual threat. Weaponised child protection framing. The most emotionally potent narrative in the ecosystem.

- "British girls systematically raped & trafficked by Muslim grooming gangs around Britain, while authorities looked the other way" — Yorkshire Rose
- **"UK Father Tries to Rescue His Kidnapped Daughter from Pakistani Grooming Gang — Police Arrest Him Instead"** — @HJB_News__ (amplified by Migrant Hotel Manager network, X, 2026). Classic "police protect groomers, punish fathers" narrative.
- **"250,000 white children raped by grooming gangs. Legacy media: Trump's water is green"** — @kevinbass (X). The "biggest story media ignores" meta-narrative.
- **"Female Islamic scholar: 'Allah allows Muslim men to rape non-Muslim women to humiliate them'"** — @DavidJHarrisJr (appearing in Unmasked Antifa feed, X, 2026). Explicitly Islamophobic religious framing.
- **"if you ever take cabs no one literally none are white esp... they are clearly in the mode to either rape, touch or worse to white women"** — @justagoyy24 (X, 2026). Directly linking non-white taxi drivers to sexual threat.
- **"This is the email that shows Keir Starmer profited from the rape and sex trafficking of children"** — @myhiddenvalue (Unmasked Antifa feed, X, 2026). Starmer-as-cover-up conspiracy.
- **"Muslims LAUGHED as 38 counts of trafficking, rape and exploitation were announced at Norwich crown court"** — @vpopulimedia (X, 2026). Grooming trial with "laughing defendants" framing.

Facebook (via Phice) examples:

- **Richard Clark** (FB, 14 Jun 2026): "While real threats flood our borders and knife crime plus grooming gangs tear communities apart, they're obsessed with destroying Tommy Robinson" — Tommy Robinson as victim of grooming-gang cover-up.
- **David Taylor For Romford** (FB, 2026): "I post about 'Pakistani grooming gangs', over 12,000 views and hundreds of comments. I post on British soldiers who have been found abusing children here in the UK, 500 views, 3 comments. The nation is being trained to only be outraged at crimes by 'others'." — Explicit awareness of media-manipulation mechanics.

- **UKchat** (FB, 16 Apr 2026): "What i am concerned about is the vast amount of unvetted men in this country... The streets are not safe and everyday we hear of illegals attacking or raping."
- **Winsford Guardians** (FB, 6 May 2026): "ENOUGH IS ENOUGH! [REDACTED] Islam Migrants are killing British Citizens every day. Want to protect your communities, children, females & vulnerable?"
- **Stand Up Leeds - No To Illegal Migrants** (FB): "One side there to protect our women and children the others to protect the illegals from the hotel. What side do you stand with?"
- **Lions of Albion** (FB, 17 Mar 2026): "Starmer and Labour make no secret they hate Britain and want us replaced with migrants. Grooming gangs scandal proves it: that they won't lift a finger to protect our children."
- **Rupert Lowe** (FB, 14 Jul 2025): "Illegal migrants should be nowhere near schools, educational establishments or anything to do with children... We don't know who they are, or where they have come from."
- **"Flag Man" Craig Kitts** (FB, shared from Byline Times, 18 May 2026): Pleads guilty to assaulting woman — claims he's fighting to "protect our women and children" from migrants.
- **AJ Audits peak hypocrisy:** claimed to "protect women and children" while being a convicted paedophile (indecent assault of girl under 14, hundreds of indecent images). The Independent: "This man has claimed to be protecting women and girls while hiding his own convictions."
- "Our children" / "Save our children" as dog whistle. Repeated across all platforms.

1.6 ? Censorship / Free Speech Martyrdom

Present in: All terminated/deplatformed channels **Pattern:** Platform enforcement = evidence they're being silenced. Drives engagement.

- "You have censored free speech since your first day in office" — Migrant Hotel Manager @ Starmer (10 Sept 2025)
- "My channel was terminated" content (Laudits, ST Audits, AJ Audits)
- Used to fundraise and drive migration to Rumble/DTube

1.7 ? Anti-Police / Filming Rights Assertion

Present in: All auditing channels (core identity) **Pattern:** "Am I being detained?" / "Filming in a public place is not a crime" — sovereign-citizen-adjacent legal positioning.

- Bodycam confrontations with police as primary content format
- Citizen's arrest attempts
- Council office walk-ins

1.8 ? Left/Antifa as Deranged Enemy

Present in: Charlie Veitch, Wesley Winter, ST Audits, Unmasked Antifa **Pattern:** Counter-protesters framed as mentally ill, unwashed, violent.

- "The Orks, the trolls, the genetically dis-genic... scummy, antifa-commies" — Charlie Veitch
- "Unwashed lefties" — ST Audits
- "Deranged lefty women" — Wesley Winter

1.9 ? Performative Protectionism / "Paytriot" Model

Present in: Multiple channels (acknowledged by Searchlight) **Pattern:** Conflict = currency. Confrontation is the product, not a by-product.

- "Pushing, shoving, and shouting are not by-products of their activism; they are the goal. Conflict sells." — Searchlight
- Marti Blagborough: £6,000/month (Sheffield Tribune)
- DJE Media: ~£1K from Nicola Bulley footage alone
- YouTube ad revenue, livestream tipping, merch (keyrings, branded gear)
- **"They want to see the juice"** — Marti Blagborough, on why people watch

1.10 ? Name Hidden / Suspect Identity Claims

Present in: X/Twitter amplification accounts (Yorkshire Rose, Unmasked Antifa) **Pattern:** "Police REFUSE to name the attacker" — claiming cover-up when suspect names aren't released. Often followed by speculation about ethnicity.

1.11 ? Demographic Replacement / "Great Replacement"

Present in: Charlie Veitch, Tommy Robinson-adjacent accounts **Pattern:** Open reference to replacement theory. "Invading Islamist forces" / "an illegal military barracks for invading Islamist forces" — Charlie Veitch on migrant hotels.

1.12 ? Internal Far-Right Backlash / "Grass" Framing

Present in: Cross-channel discourse (new — Jun 2026) **Pattern:** Young Bob's footage used to convict Southampton rioters → he became "Bob the Plod" / "Young Grass" among his own side.

- Key development: auditors denounced as "grasses" and "cunts" by their own movement for filming evidence used in prosecutions

4. PLATFORM-SPECIFIC PATTERNS

X/Twitter (via Nitter)

- **Most extreme content** — least moderated of mainstream platforms
- **Real-time rally calls** and protest coordination

- **Doxxing openly practiced** (Lee Scheres / Unmasked Antifa)
- **Short-form outrage** — highest concentration of raw language ("vermin", "filthy fucking invaders")
- **Cross-pollination:** clips go viral → picked up by GB News → cited in Parliament (Wesley Winter → Lee Anderson)
- **Verified accounts** still active despite content (Migrant Hotel Manager: 25.1K)

YouTube

- **Primary monetisation engine** — ad revenue drives the "payriot" model
- **Longer format:** 10-30 min audit videos, livestreams
- **Inconsistent enforcement** — UK Auditor (~3K) still active, Wesley Winter (~211K) growing, while others terminated
- **Channel descriptions use sanitised language:** "promoting transparency", "documenting reality"
- **Largest subscriber counts:** Charlie Veitch (845K), Yorkshire Rose (124 hotel visits), Wesley Winter (211K)
- **Mainstream crossover:** Wesley Winter on BBC, GB News, Channel 4, The Times

Rumble & DTube (Decentralized)

- **Refugee for deplatformed/at-risk channels** — LB Audits, Stripey Audits, Laudits

- **Rumble Premium** for paywalled content (LB Audits)
- **DTube** for arrest videos and raw footage

Facebook (via Phice — partial access)

- **Community organising** — groups share hotel locations, tip-offs
- **Older demographic** — less aggressive language but same content
- **Vigilante group coordination:** "Failsworth Street Patrol" posts about "higher presence" around migrant hotels
- **Post types:** location sharing, "keep your doors locked" warnings
- **Exposure vehicle:** AJ Audits kicked out of private groups after conviction exposed

Telegram

- **Likely backchannel coordination** for real-time rally organising
- **Less moderated** than any other platform
- **Raw footage sharing** before YouTube processing
- Hard to verify without account access

Reddit

2025	AY Audits banned from Surrey — entire county exclusion order for auditor activity	AY Audits

7. NARRATIVE ECOSYSTEM FLOW

The 38 channels share a remarkably consistent narrative architecture:

1. **Trigger** — Tip-off or discovery of a migrant hotel / police incident / protest
2. **Framing** — "This is being hidden from you / You won't see this on the BBC"
3. **Provocation** — Confront staff/residents/guests, film reactions
4. **Amplification** — Post edited footage with outrage language (taxpayer-funded, invasion)
5. **Martyrdom** — If arrested/challenged, frame as free speech persecution
6. **Monetization** — Livestream tipping, YouTube ad revenue, merch, keyrings

Counter-movement: "Frauditor" channels have emerged to debunk/expose auditors. Anti-fascist groups advise "Do not engage — starve them of material" (Searchlight coalition).

8. UNIQUE CHANNEL-SPECIFIC FINDINGS

- **Wesley Winter:** Only auditor with mainstream media crossover (BBC, GB News, Channel 4). Korean-British. Claim of neutrality while producing exclusively right-aligned content. "Poverty tourism" accusations.

- **Young Bob (Gregory Moffitt)**: Youngest (17), moved from TPUK → Restore Britain. His footage convicted far-right rioters → internal backlash.
- **AJ Audits (Anthony Styles)**: Convicted paedophile posing as child protector. Peak hypocrisy in the scene. Channel deleted.
- **DJ Audits (Nigel Roy Dicks)**: Least political. Drone specialist. Runs company AC Adaptors R Us Ltd. Emoji-only titles.
- **Lee Scheres / Unmasked Antifa**: Most explicitly doxxing-focused. Famously inaccurate — "frequently identifies completely the wrong people" (Searchlight). Polling station intimidation plan.
- **Migrant Hotel Manager ("Adam")**: Most dramatic arrest narrative (10 police for pasta). Claims former employment inside hotels. Rapid growth: joined Jul 2025, 25K+ followers by mid-2026.
- **Banaman**: Mock police uniform. Batman/"Dark Knight of Sheffield" persona.
- **ST Audits (Christopher Lee Matthews)**: Former pro wrestler ("The Crippler"). "Fritzl's basement" references. Extremely dark framing.
- **Yorkshire Rose (Amanda Smith)**: English Constitution Party links. Most aggressive language ("filthy", "vermin"). 124 hotel visits — quantifies activism.
- **DJE Media (Daniel James Edwards)**: 12 counts fraud/voyeurism/indecent images, 34-month sentence. Convicted sex offender making "migrant threat" content.
- **Harry Jackson**: National Rebirth Party (fascist microparty led by Alex Yerbury). Breaks into asylum hotel bedrooms, tests unlocked doors, bursts into residents' rooms. Tells non-white people they're "going home". Collaborates with Ryan Ferguson.
- **Ryan Ferguson**: Convicted of racially abusing a football player. Wore Nazi '88' (Heil Hitler) t-shirt at Britain First rally. Arrested for chanting "National Action is reforming" — referencing a proscribed neo-Nazi terrorist organisation. Armed forces/military police investigation by Royal Navy (per HOPE not hate).
- **Fred Willis**: Charlie Veitch's bodyguard. Documented kicking, slapping and punching members of the public. Enables Veitch's confidence during confrontations.

9. FINANCIAL LANDSCAPE

Channel	Estimated Earnings	Source
Marti Blagborough	£6,000/month	Sheffield Tribune
DJE Media	~£1K from Nicola Bulley footage alone	Novara Media
Various large channels (100K+ subs)	£10K-£20K/year	Searchlight estimates
AY Audits	£10K-£20K/year	Investigative estimate

Financial model: YouTube ad revenue + livestream tipping + membership + merch (keyrings, branded gear) + Rumble Premium + GoFundMe.

10. CROSS-PLATFORM MIGRATION PATTERNS

- **Born on YouTube** → grow audience
 - **Deplatformed from YouTube** → migrate to Rumble/DTube
 - **Clips go viral on X** → picked up by GB News/Reform MP → cited in Parliament
 - **Facebook used for local community organising** (hotel locations, tip-offs)
 - **Telegram used for raw footage and coordination**
 - **Mainstream crossover** (Wesley Winter) → legitimises the format for wider audience

11. CASE STUDY: Edinburgh Anti-Muslim Attack (19-20 Jun 2026) — How the "Sexual Threat" Trope Translates to Violence

The Attack

On 19 June 2026, a 36-year-old white Scottish man went on a stabbing rampage across Edinburgh, targeting Muslim men leaving a mosque and Asian-appearing victims. Five men were injured. Counter Terrorism Policing Scotland took over the investigation.

The Suspect's Stated Motive

Video footage shows the suspect on the ground after arrest shouting:

“I'm protecting the country from these fucking Muslim bastards raping our young daughters.”

This is a near-verbatim repetition of the "grooming gangs / protect our children" trope that circulates constantly across the far-right social media ecosystem documented in this file.

Direct Echoes in the Social Media Record

The Trope	Example Post	Source
"Muslim bastards raping our young daughters"	"British girls systematically raped & trafficked by Muslim grooming gangs"	Yorkshire Rose (X)
"Protecting the country" framed as self-defence	"UK Father Tries to Rescue His Kidnapped Daughter from Pakistani Grooming Gang — Police Arrest Him Instead"	@HJB_News__ (X)
"Our daughters" as white British victims	"One side there to protect our women and children, the others to protect the illegals"	Stand Up Leeds (FB)
Migrant men as inherent sexual threat	"The streets are not safe and everyday we hear of illegals attacking or raping"	UKchat (FB)
Government complicit in covering up	"This is the email that shows Keir Starmer profited from the rape and sex trafficking of children"	@myhiddenvalue / Unmasked Antifa (X)

The Far-Right's Selective Silence

Incident	Suspect	Far-right response
Belfast stabbing (8 Jun 2026)	Sudanese asylum seeker	Tommy Robinson shared protest sites within hours. Elon Musk amplified. Riots erupted. COBRA convened.
Edinburgh attack (19-20 Jun 2026)	White Scottish man	Total silence. No Tommy Robinson post. No Britain First statement. No Nigel Farage comment. No Elon Musk repost. No GB News coverage. No protests called.

Multiple X users called out the disparity:

“ @George_T_Truth2: "White racist terrorist machete rampage in Edinburgh, and there's crickets from BBC, Sky, GB News, TalkTV... I'm sure Elon Musk, Nigel Farage, Rupert Lowe and Tommy Robinson will be happy"

“ @TheEndIsFingNigh (Reddit r/Scotland, 263pts): "Nae cunt from Reform gonna chime in about protecting women and children, then start a massive riot? Thought not."

@Severe-Incident-6094 (Reddit r/Scotland, 141pts): "Where are the 'Protect our women and children' brigade? Suspect not foreign enough?"

Analysis: The "Protect Our Children" Narrative as a Racially Selective Violence Justification

1. **The narrative constructs a specific threat model:** Muslim/migrant men as inherent sexual predators targeting white British girls. This is repeated daily across X, Facebook, Telegram, and YouTube by the channels documented in this file.
2. **The narrative creates a "self-defence" justification:** If the state won't act ("grooming gangs cover-up"), then "ordinary patriots" must. The Edinburgh suspect's language ("I'm protecting the country") is a direct expression of this vigilante framing.
3. **The test of sincerity fails:** When a white perpetrator commits the exact violence the narrative claims to fear, the far-right goes silent. The "protect our children" concern is only activated when the perpetrator is non-white, proving the narrative is a vehicle for anti-Muslim/anti-migrant mobilisation — not genuine child protection.
4. **The Muslim Council of Britain explicitly made this connection:** "This incident comes not long after racist pogroms on the streets of Belfast that targeted minority families, and is a direct consequence of political rhetoric that demonises entire communities."
5. **The narrative pipeline:** Far-right social media posts → mainstream political adoption (Rupert Lowe's Grooming Gangs Bill, Robert Jenrick, Lee Anderson citing auditor content in Parliament) → lone-actor violence (Edinburgh attacker citing "raping our daughters").
